

Champion School

2023-24 Education Plan

Mission

To provide a safe and caring environment where students are taught literacy and numeracy skills and given the opportunities needed to inspire lifelong learning.

Vision

At Champion School we partner with parents, students, staff, and the community in an effort to create optimal learning opportunities for our young people. In order to accomplish this we embrace a culture that is centered on the characteristics of a Charger. We are strong, courageous, trustworthy and ready to take on whatever challenges come our way. In this climate, we are prepared to meet the unique educational needs of every child.

Principal's Message

Champion School is a safe and caring place where students have opportunities to challenge themselves, learn new skills, make lifelong friendships and connections, and build memories that will last a lifetime.

We pride ourselves on providing learning opportunities that go beyond the classroom, such as our Junior High Marine Biology trip that we have every 3 years, as well as many other local and provincial field trips, regional sporting events, and community service projects. We also enjoy our traditional annual events, like our twice-annual Band/Music/Drama performances, our local track and field days, and our Grade 9 Graduation celebration, as well as many others.

We have a fantastic team of caring, committed staff, who go the extra mile to support each and every one of our students as they build the skills and knowledge that they need for life. As we look to next year, we know that Champion School will continue to be a place of fun, learning, and relationships.
